

# Assembly Instruction Sheet #S-5067P29C For Style 5067P29C

**Tools Required:** Flathead screwdriver, Phillips screwdriver, pliers, wire cutters, wire strippers, electrical tape, safety glasses.  
**Light Source:** (18) 20 Watt Halogen (Not Included).  
**Estimated Assembly Time:** 15-30 minutes.  
**Preparation:** Identify and inspect all parts before beginning installation. Check package content list and diagrams before to be sure all parts are present. If any parts are missing or damaged, do not attempt to assemble, install, or operate the fixture. Contact customer service for replacement parts.

**⚠ Warnings and Cautions**  
 Turn off electricity at circuit breaker or main fuse box before installation. Consult a licensed electrician if in doubt. These instructions are provided for your safety. It is very important you read them completely before installing the fixture. We strongly recommend that a licensed, professional electrician perform the installation. Disconnect fixture from power source before replacing bulbs. Make sure bulbs are given sufficient time to cool before removal.
