1 Measure the distance between the bottom of the mirror and point a.

2 Draw a horizontal line from the point a using a level

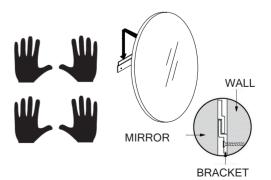

5 Attach the mounting braket to the wall.

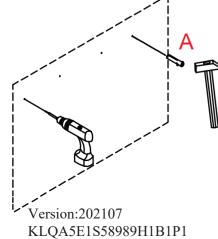

3 Draw the points according to the hole of the mounting bracket

6 Hang the mirror on the mounting bracket

NOTE: Always use two or more people when hanging mirrors

Made in China Page 3 of 6

4 Drill the holes on the wall and insert

the nuts into the holes.

Care and Cleaning Instructions for Mirrors

CLEANER

The best and safest cleaner for a mirror is clean, warm water used with a soft cloth. Be careful not to allow the edges of the mirror to get or remain wet over a period of time. If using a commercial glass or mirror cleaner, be sure to use a standard brand of mirror cleaner that does not contain ammonia or vinegar.

APPLICATION

Never spray any cleaner directly on to a mirror. Instead apply the cleaner to a soft cloth and then wipe the mirror.

CLOTHS

Always use soft, grit-free cloths when cleaning a mirror to reduce chances of scratching the surface.

FINISH

Be sure to dry all joints and edges thoroughly to be certain no commercial cleaner comes in contact with the edge and backing.

MANUAL INSTRUCTION:

- 1) Short Touch the switch button (<1s) to turn the light and defogger ON/OFF.
- 2) Long Touch the switch button (>1s) to activate the dimming function. Adjust the light to the appropriate brightness.

ELECTRICAL SAFETY INSTRUCTIONS:

All connections must be installed by a licensed electrician, in accordance with current building codes. Consult a qualified electrician.

IMPORTANT:

Always switch off the electrical supply at the main during installation and maintenance. It is recommended that the circuit breaker is switched off for the necessary circuit before installation commences.

Fitting in Bathrooms is subject to the appropriate building code Regulations. This product is NOT suitable for outside zones. It is also Not suitable for installation in saunas, steam rooms or shower cubicles. This product is only suitable for permanent installation. **DO NOT** connect to a trailing plug and socket outlet. This product is only suitable for indoor use. Do not attach the product to surfaces that are damp or otherwise electrically conductive.

INSTALLATION CARE & SAFETY:

Wear suitable eye protection when drilling. Take care when using power tools. Beware of hidden cables or pipes. Take care if drilling on tiled surfaces in case the drill slips. A piece of masking tape applied to the wall before marking out the fixing holes will stop the drill from wandering.

CLEANING:

It is recommended that the unit is cleaned with a soft,dry, non abrasive cloth when turned off. Never use cleaning agents or abrasive materials on any type of surface finish. Do not allow moisture to come into contact with the electrical components.

IMPORTANT:

DO NOT strike glass components with hard or pointed items. DO NOT place very hot or very cold items against or in close proximity to glass surfaces unless an adequately thick insulation material is used to prevent such items coming in contact with the glass. The nominal thickness of the mirror glass used in this product is 1/5" and is film backed for safety. If the glass becomes chipped or broken replace immediately.

IMPORTANT SAFETY INSTRUCTIONS:

When using an electrical furnishing, basic precautions should always be followed, including the following. Read all instructions before using (this furnishing). **DANGER -** To reduce the risk of electric shock:
