

MITER FL25558

LAMPS

PROJECT

DESCRIPTION

A thin angular line forms the gesture synonymous with the MITER floor and table lamp series. Employed within the top arm of the diminutive square profile is a linear LED source capped by an inset opal diffuser providing uniform soft illumination. The precisely machined aluminum body conceals further functionality with simple power connectors to enable easy assembly and added rotational adjustment. A handsome circular dimmer adorns the structure. Available in multiple finishes.
